

TIP Workshop

Friday, Oct. 26

10am - 2pm

MassDOT District 1

270 Main St, Lenox

Transportation
Improvement
Program

Learn how to access TIP funding for road and other transportation projects

The Berkshire Metropolitan Planning organization (MPO) invites you to a workshop on the regional Transportation Improvement Program (TIP) a prioritized, financially constrained, multi-year program for the implementation of federally funded transportation improvement projects in our region.

The Berkshire MPO is responsible for conducting the federally required metropolitan transportation – planning process that is often referred to as a 3C process: continuing, cooperative, and comprehensive. The MPO uses this process to develop a vision for the region and then decides how to allocate federal and some state transportation funds to roadway, transit, bicycle and pedestrian projects / programs.

TOPICS COVERED:

- The federal transportation funding process
- Recent and upcoming projects
- Eligible roadways and project types
- Design and engineering requirements

LUNCH PROVIDED

Please RSVP by Oct 19 to Justin Gilmore:
Phone: 413-442-1521 ext. 28
Email: jgilmore@berkshireplanning.org
