2) The Special Permit Granting Authority shall be the Select Board.

3) Applications for Special Permits shall be submitted to the Planning Board for preliminary review. The Planning Board shall then forward all materials to the Select Board along with a recommendation to approve, approve with conditions, or deny the site plan and Special Permit.

4) A Special Permit shall only be valid for use by the Applicant and will become null and void upon the sale or transfer of the license of a marijuana retailer or change in the location of the business.

5) In the event that the Commonwealth’s licensing authority suspends the license or registration of a marijuana establishment, the Special Permit shall be so suspended by the Town until the matter is resolved to the satisfaction of said licensing authority.

6) The Special Permit shall be considered null and void if meaningful construction has not begun on the project within 2 years of obtaining said permit, at the discretion of the Planning Board.

E. **General Requirements.** The following is required for all proposed operations of Licensed Marijuana Establishments.

1) Permanent location. Each licensed marijuana establishment and any part of its operation, including but not limited to, cultivation, processing, packaging, and sales, shall be operated from a fixed location within a fully enclosed building and shall not be visible from the exterior of the premises. No marijuana establishment shall be permitted to operate from a moveable, mobile or transitory location.

3) **Hours of operation.** A marijuana retailer may open no earlier than 8:00 AM and shall close no later than 8:00 PM the same day, Monday through Saturday, unless other hours of operation are set by the Town’s Special Permit Granting Authority. Hours of operation shall apply to all sales, delivery and dispensing activities for the business. There shall be no hourly restrictions on marijuana testing, manufacturing or cultivation facilities, unless imposed by the Planning Board as part of site plan approval.

Any light poles, new or existing, may not exceed 18’ in overall height. All outdoor light fixtures must be shielded and aimed down to prevent light trespass onto adjacent properties. The Planning Board may modify this requirement if, upon recommendation by the Police Chief, it is required for adequate safety and security.

9) **Landscaping.** Landscaping is required for marijuana retailers to harmonize the facility with abutting uses. Landscaping must be provided in the form of one canopy tree for every 20’ of lineal road frontage, placed within 15’ of the property line, and 1 shrub for every 10’ of building frontage facing a public street, placed within 10’ of the building footprint. Canopy trees must measure at least 2.5” in diameter upon planting. Shrubs must measure at least 2’ tall upon planting. Existing trees and shrubs meeting the size and location requirements may be counted toward the required landscaping. Landscaping may be clustered. The following elements may be included in the security plan and are only required if deemed necessary by the Police Chief:

3) State License. A copy of the license or registration as a Licensed Marijuana Establishment from the Massachusetts Cannabis Control Commission or documentation that demonstrates that said facility and its owner/operators qualify and are eligible to receive a Certification of Registration and meet all of the requirements of a Licensed Marijuana Establishment in accordance with the regulations adopted by said commission, as amended.

2) The Applicant, in receiving approvals issued pursuant to this chapter, and all licensees, jointly and severally, if more than one, agree to indemnify, defend and hold harmless the Town, its elected officials, employees, attorneys, agents, insurers and self-insurance pool against all liability, claims and demands on account of any injury, loss or damage, including, without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage or any other loss of any kind whatsoever, arising out of or in any manner connected with the operation of the Licensed Marijuana Establishment that is subject of the approval/license.

I. Other laws remain applicable.

1) Business License Required. At all times while a permit is in effect the licensee shall possess a valid license.

2) To the extent that the state has adopted or adopts in the future any additional or stricter law or regulation governing the cultivation, manufacturing, testing or retail of marijuana or marijuana products, the additional or stricter regulation shall control the establishment or operation of any marijuana retailer in the Town. Compliance with any applicable state law or regulation shall be deemed an additional requirement for issuance or denial of any license under this chapter, and noncompliance with any applicable state law or regulation shall be grounds for revocation or suspension of any license issued hereunder.

3) Any Licensed Marijuana Establishment may be required to demonstrate, upon demand by law enforcement officers of the Town of Clarksburg and/or the local licensing authority, the source and quantity of any marijuana found upon the licensed premises are in full compliance with any applicable state law or regulation.

4) The issuance of any license pursuant to this chapter shall not be deemed to create an exception, defense or immunity to any person in regard to any potential criminal liability the person may have for the cultivation, possession, sale, distribution or use of marijuana.

5) Prior to the issuance of a special permit or site plan approval, the Licensed Marijuana Establishment must have entered into a host community agreement (HCA) with the Town.
