8. UPDATE ON THE TMA INITIATIVE

Mr. Kus updated MPO members on the TMA initiative. This initiative involves Senator Hinds’ office, BRTA, BRPC, and MCLA. The goal is to help address transportation shortfalls through a membership-based organization with a focus on transportation to places of employment. One possible scenario is that the TMA could help to coordinate small shuttles in the region, such as those that may already be owned by potential member organizations. However, TMAs can have many different organizational structures and methods of working.

Mr. Lovejoy stated that he felt something was needed to help address transportation issues in the
county but was not sure a TMA would finally solve the issue, given the small population and dispersed communities in the Berkshires.

Mr. Kus explained that nothing has been formalized yet, and that coming up with the best organizational structure will be challenge of the initiative.

9. STATUS REPORTS FROM MEMBER AGENCIES

Mr. Frieri updated the MPO on District 1 Projects. Mr. Kus reviewed activities of BRPC staff.
