

Board of Health and Local Health Department Standard Operating Procedures (SOP)

This **Checklist** highlights many of the permitting requirements for family campground and similar housing options. The checklist is designed to be used in tandem with **105CMR 445:00.** Remember: BOH always has the final say on requirements.

https://www.mass.gov/doc/105-cmr-445-state-sanitary-code-chapter-vii-minimum-standards-for-bathing-beaches/download Regulations include, public and semi-public. Do not include swimming pools, private beaches or State and Federal beaches are regulated and inspected by the State/Feds. Beach Definitions Beach: Land next to salt or fresh water that provides access to bathing water. Public Bathing Beach: open to the public; free or for a fee. Semi-Public Bathing Beach: access only to members, patrons, associations, guests whether free or for a fee. Private Bathing Beach: any beach that is not a public or semi-public beach. Usually a beach owned by one family unit. Sanitary Survey: written report by a CHO, RS, Registered Sanitary Engineer assessing potential or actual hazards/contamination. Operator: Person or group with legal title to the beach or the right to operate the beach. BOH Licensed Beaches Note: BOH routinely permit/inspect and charges a fee for a permit plus additional fees for inspections and re-inspections (including for the private back is private back in the poly is private back or the right is private back.

for COVID-19 complaints), testing and other BOH Regulated Services such as food, pools, spas, dumpsters.
Public and Semi-Public Operators need an annual Beach Permit
Permit Application: 30 days before opening
Permit Expiration: Usually expires December 31 or May 26 each year but may be issued for two years.
Renewal: may continue to operate under an expired permit if application was made 30 days before expiration.
Permanent Signage: Operating Dates; Beach Operator; Phone #; Permit #; Note about bacteria testing/monitoring dates.
Local Regulations: BOH may pass local regulations stricter than the State Regulations at a properly convened BOH meeting.
Testing
Note: test collections can be done by the BOH under contract with the Operator or by a third-party lab under contract to the Operator.
E. Coli Testing Criteria to Close: (Fresh water) >235/100ml or geometric mean of 5 recent samples >126/100ml.
Test Site: samples taken within 500 meters (1600 ft) in same body of water can be used for multiple beaches with BOH approval.
Sample Collection: middle bathing area; knee depth or more; bottle opening face down until 1 foot below surface; wear gloves.
Chain of Custody: label before sampling; keep good records; keep cold; deliver to lab asap.
COVID-19 Control Plan Requirements Phase 1 – May 18, 2020 <u>outdoor.recreation@mass.gov</u> <u>www.mass.gov/reopening</u>
Note: a written plan is required before opening. https://www.mass.gov/doc/beaches-guidance-for-managers-5-18-20/download
Enforcement Assistance : DLS hotline: (508) 616-0461 x9488 or by sending an email to <u>safepublicworkplacemailbox@mass.gov</u>
Group Size: maximum 10
□ Social Distancing: 6 feet between individuals; 12 ft. between groups/toweling/blankets
□ Masks: required when not swimming
 Masks: required when not swimming Parking: managed to limit crowding based on beach capacity
 Masks: required when not swimming Parking: managed to limit crowding based on beach capacity Drop-off: social distancing maintained; no loitering or tailgating
 Masks: required when not swimming Parking: managed to limit crowding based on beach capacity Drop-off: social distancing maintained; no loitering or tailgating Picnic Areas: closed if not able to sanitize between users or maintain social distancing.
