

Funding Municipal Water and Sewer Infrastructure in Small Towns:

A Discussion with MVP, MassWorks, and MEMA

A Workshop for Municipal Leadership

Municipal leaders and water & wastewater facility directors are invited to **an information session & discussion about state funding available for water and wastewater infrastructure.**

The session will focus primarily on the Municipal Vulnerability Preparedness (MVP) program, the MassWorks Infrastructure Program, and the Building Resilient Infrastructure and Communities (BRIC) program.

The session will:

- provide an overview of existing State grant programs available to small towns for water and wastewater infrastructure;
- discuss the impact of the new Community One Stop for Growth (a single application portal and collaborative review process) on existing grant resources and previously established application processes; and
- provide a forum for municipal leaders to discuss funding priorities in their communities with granting agencies.

Presenters include representatives from:

The Executive Office of Energy and Environmental Affairs
The Executive Office of Housing and Economic Development
The Massachusetts Emergency Management Agency
