

Municipal Vulnerability  
Preparedness

# Western Massachusetts Regional Unpaved Roads Project

*Do you find yourself on dirt roads as you go about your day?*

*Have you experienced issues on public unpaved roads such as wash-outs, erosion, washboarding or rutting?*

***BRPC wants to hear from you!***

***Report Public Dirt Road Problems, until April 30th***

***<https://bit.ly/Dirt-Road-Problems>***

***OR Scan the QR code***

Information gathered will increase BRPC's ability to effectively assist the towns and may support a larger conversation about Berkshire County's needs to maintain safe, unpaved roads.

*This project is funded by the Executive Office of Energy and Environmental Affairs (EEA) Municipal Vulnerability Program (MVP). Partners include the Pioneer Valley Planning Commission (PVPC), Berkshire Regional Planning Commission (BRPC) and Franklin Regional Council of Governments (FRCOG) with the Town of Lanesborough as the lead applicant.*

*This partnership was developed to collaboratively support the climate resiliency of unpaved roads and protect the health of rivers in Western Massachusetts.*
