BRPC to present draft Safety Action Plan

Pittsfield, MA -- The Safe Streets and Roads for All (SS4A) federal funding program is bringing resources to Berkshire County to reduce serious injuries and fatalities on our roads, with the goal of reaching zero. Berkshire Regional Planning Commission (BRPC) has been developing the STEPS Initiative: the *Safe Travel and Equity Plan for our Streets* and will be releasing the draft Action Plan for public review and comment on November 4, 2024.

Earlier this year, BRPC, along with their consultation partners at BETA Group Inc., began the development process of a Comprehensive Safety Action Plan with public meetings, an online survey, municipal stakeholder interviews, and a comprehensive review of regional crash data. The draft report of safety recommendations based on these findings will be available for public review and comment beginning November 4th. An executive summary is available now at <https://www.berkshiresteps.org/>.

An input session presenting the draft plan and inviting comments will be held at the Berkshire Innovation Center (BIC), 45 Woodlawn Avenue in Pittsfield, on Wednesday, November 6, at 6:00pm. The comment period runs for 28 days from November 4 through December 2.

The meeting will be in a hybrid format. Zoom pre-registration is required to attend online and may be done at berkshireplanning.org/initiatives/ss4a/. No sign-up is required to attend the meeting in person at the BIC. Language and accessibility services can be provided at the meeting with 7 days advance notice by emailing nrusso@berkshireplanning.org or calling (413) 442-1521 extension 19.

At the meeting, the planning team will present background information, describe the need for this study, and present data gathered over the course of plan development. The team will then review recommendations for future transportation safety projects and programs to address the concerns identified. Berkshire County residents are invited to review the draft report and provide feedback during the comment window from November 4 through December 2.

###

About BRPC: *Berkshire Regional Planning Commission is the regional planning agency for Berkshire County, Massachusetts, providing comprehensive planning services to municipalities, which include land use, transportation, community and economic development, housing, public health, and environmental planning. BRPC promotes regional collaboration among communities and works to increase coordination between all levels of government.*
