## FY26 Community Transit Grant Program Operating and Mobility Management Awards

The Community Transit Grant Program operating and mobility management cycle is an annual grant program funding projects to expand and enhance mobility for older adults and people with disabilities. Examples of eligible projects can include operating transit services, running volunteer driver programs, coordinating transportation services, and hiring staff to assist riders in learning to use transit options. Traditionally, MassDOT uses Federal Transit Administration Section 5310 funding to fund this grant program. This year, state Education and Transportation Fund (ETF) funding through the FY26 budget provided an additional \$4 million for this program and the opportunity to expand the scope to cover low-income riders as well as older adults and people with disabilities. MassDOT is pleased to announce grants to 40 organizations for 47 projects, totaling \$5.48 million in awards.

Organization	Project	Project Summary	Total Award
Attleboro Young Men's Christian Association	Community Access to Rides Program	Support for a coalition of nonprofits serving older adults, people with disabilities, and low-income individuals to purchase rides when no other transit options exist	\$46,200

## MassDOT Microtransit & Last Mile Transit Grant Awards

The FY25 supplemental state budget included \$10 million for grants for microtransit and last mile projects. MassDOT is pleased to announce nine awards: three for projects supporting last mile bikeshare connections to transit, and six supporting shared-ride, on-demand microtransit services.

Organization	Project	Award	Project Summary
<b>City of Northampton</b>	ValleyBike Share	\$1,500,000	Support the regional electric bikeshare, including operating costs as well as expansion and replacement of bikes and docks
<b>City of Quincy</b>	City of Quincy Blue Bikes Expansion	\$250,000	Expand the regional Bluebikes system over the Neponset River into Quincy
<b>Metropolitan Area Planning Council (MAPC)</b>	Bluebikes System First/Last-Mile Initiative	\$1,300,000	Support ongoing bikeshare operating costs for participating municipalities, and add new bikeshare stations near transit
<b>City of Salem</b>	Salem Skipper	\$1,000,000	Ongoing support for the Salem Skipper microtransit service
<b>City of Woburn</b>	North Suburban EV Microtransit Program	\$1,000,000	Funding to pilot regional service in partnership with nearby communities
<b>Town of Stoneham</b>	Stoneham Shuttle	\$800,000	Continuing funding for microtransit service in Stoneham
<b>Montachusett Regional Transit Authority</b>	North Central Mass Connect	\$300,000	Pilot a new microtransit service connecting two community college campuses with additional key destinations including healthcare and employment centers
<b>Town of Great Barrington</b>	South County Connector	\$600,000	Continue microtransit program serving Southern Berkshire County
<b>Fourteen Regional Transit Authorities of Massachusetts</b>	Massachusetts Microtransit and First/Last Mile Program	\$3,250,000	Support for individual microtransit projects at participating Regional Transit Authorities.
